

CLEVELAND AT WORK.

**Senate Situation Discussed at a Cabinet Meeting.**

**Vance Makes a Speech in Favor of Free Coinage.**

**House Devotes the Day to Debate on Rules.**

WASHINGTON, Sept. 1.—Mr. Cleveland's first day at the White House after his absence at the seashore was spent in the hardest of work. After breakfast the President went to his office, and from 9.30 until 1.30 he received and gave audience to his visitors. A very large amount of accumulated public business.

At 11.30 the cabinet meeting began, and lasted until 1 o'clock. All the cabinet officers were present except Secretary Smith. The silver question was discussed with reference to the Sherman act was taken up, and Mr. Vance (Dem., N. C.), one of the minority members of the Finance Committee, addressed the Senate in opposition to the bill.

He said that the repeal of the law without any substitute meant the end of silver money, and that the people would not accept it. He said that the repeal of the law without any substitute meant the end of silver money, and that the people would not accept it.

He said that the repeal of the law without any substitute meant the end of silver money, and that the people would not accept it. He said that the repeal of the law without any substitute meant the end of silver money, and that the people would not accept it.

BLACKMAIL CHARGED.

**Brunkenthal Accused of Lying Tribute on Jacob Bacher.**

An charge of blackmail was made this morning in the Essex Market Police Court by Jacob Bacher, of 115 Forsyth street, against Jacob Brunkenthal, of 190 Forsyth street.

Bacher said that Brunkenthal had taken a bribe of \$100 from him to stop him from reporting him to the police. Brunkenthal denied the charge.

Bacher said that Brunkenthal had taken a bribe of \$100 from him to stop him from reporting him to the police. Brunkenthal denied the charge.

HOME RULE DEBATED.

**The Third Reading of the Bill Occurs To-Night.**

LONDON, Sept. 1.—The House of Commons agreed this afternoon to suspend the 12 o'clock rule to-night in order that the third reading of the Home Rule bill might be concluded before adjournment.

Justin McCarthy, leader of the anti-Parnellites, said that although the bill did not have the bell-shaped character of a good bill, it was a bill of compromise.

Joseph Chamberlain, leader of the Liberal Unionists, said that he could not support a bill which would give Ireland a separate parliament.

BUOYANT STOCK MARKET.

**Little Trading Done, but a Firm Tone Prevailed.**

The flood of rumors in circulation late yesterday afternoon concerning the affairs of the General Electric Company caused the smaller traders to feel apprehensive about the market this morning.

It was believed about so openly that the General Electric Company was in a bad way that the stock of the company was sold at a heavy discount.

TALK OF THE TURF.

**The Interesting Contest Between Domino and Dobbins Discussed.**

The match between Domino and Dobbins over the Futurity course at Sheepshead Bay yesterday afternoon proved to be the race of the year. This pair of gallant thoroughbreds ran like a team throughout, and lashed furiously by their jockeys, crossed the line no closer together than when they started.

The scene at the finish cannot be portrayed by pencil or brush. It beggared description. Every man, woman and child was deliciously enthusiastic, and surely the hoarse shouts that urged on the struggling thoroughbreds and the desperate jockeys must have been heard miles away.

The result of the race proved exactly what the writer maintained in the discussion of the chances of the pair in "The World's" evening edition of "The Yearling." It proves that Domino is growing more sure with every race, and had Futurity weights been carried yesterday, Dobbins would certainly have won.

It is not claimed that Dobbins is the better colt of the two, but simply that Domino is out of condition. Domino certainly proved his superiority over Dobbins in previous races, and it cannot be claimed that the latter was out of condition for he ran at about the same notch throughout the season.

There is some talk that the match will be renewed, but this is hardly probable. Both owners are satisfied. Mr. Croker was willing to run the heat of yesterday, but Mr. Kene declared that both youngsters were too valuable, and another heat would be a waste of money.

Ormonde, "The Horse of the Century," the coldest animal in the history of the world, was in Chicago yesterday. The famous colt, who won the Kentucky Derby, was in Chicago yesterday.

HERE'S ANOTHER! LONG TROUBLES.

**Caught Before Consumption Went Too Far With Her.**

Hundreds of people suffering from lung trouble are being treated by Dr. Copeland and his associates with the new lung treatment. Every one of these is being benefited and is on the road to a cure.

There are two things to remember about this subject. These are: (1) The new Copeland lung discovery is the only treatment that has ever become a more serious bronchial and lung trouble. I feared greatly that an unchecked disease would result in a dangerous affection of the lungs.

Reading of the success that Dr. Copeland and Gardner were having with cases similar to mine and seeing the printed statements of brother physicians, the Rev. Father Kernan, Brother Paul and the authorities of St. Joseph's Hospital—I was convinced that these gentlemen would not lend their names to any scheme or allow themselves to be misrepresented in the public prints in any way.
